### **THE ART**

The art of photography and video production is one of man's earliest enjoyments in life.

Photography is a calming, soothing hobby that many individuals still now enjoy. So, let's go ahead and tap into your creative spirit, capture your best image and bring your photos to life today!

### **CLOUD**

Every moment in this life is important and should be saved and shared. However, what happens when your local computer runs out of space? If you have an in-home fire and your photos are destroyed, or you just simply misplace your photos, then what? Well thankfully you can sign in or create a free cloud-based *Capture* account that gives you access to upload and view your photos at any time. Also, with new *Capture* certified cameras and built in Wi-Fi and NFC technology upload your photos directly to your computer. No cords, no hassle. Now just simply click and transfer without stress or delay. New users get 10 gb of free cloud space. Plus order a *Capture* certified camera now and receive 5 gb free of cloud storage. Start making and saving your memories, memories that will last a life time.
